

PUBLIC NOTICE

PERMIT APPLICATION: NRS 06.385

APPLICANT: Donnie Thomas
3527 Thomas Cross Road
Sevierville, TN 37876
865-368-4580

LOCATION: Millican Creek, Millican Creek Road
Sevier County 35.9083/83.5197

WATERSHED DESCRIPTION: Millican Creek flows through cultivated/cut farm lands and is fed by numerous spring fed tributaries from the surrounding hillsides before it's confluence with the French Broad River. The stream bank has no riparian cover and has been manicured as a lawn. The substrate is silt/gravel. Surrounding land use is agricultural.

PROJECT DESCRIPTION: The applicant proposes to stabilize 657 feet of stream bank to repair erosion. Stream banks would be cut back to a 2:1 slope and 2 layers of 2 to 3 foot boulders would be placed over geotextile. Slopes and other disturbed areas would be stabilized with a seed mix of fescue, white clover, and annual rye.

In accordance with the Tennessee Antidegradation Statement (Rule 1200-4-3-.06), the division has determined that the proposed activity will not result in degradation to water quality.

USGS TOPOGRAPHIC QUADRANGLE: Douglas Dam, TN (156-NE)

PERMIT COORDINATOR: Brian Canada

No decision has been made whether to issue or deny this permit. The purpose of this notice is to inform interested parties of this permit application and to ask for comments and information necessary to determine possible impacts to water quality. Persons wishing to comment on the proposal are invited to submit written comments to the department. Written comments must be received within **thirty days of the date that this notice is posted**. Comments will become part of the record and will be considered in the final decision. The applicant's name and permit number should be referenced.

Interested persons may also request in writing that the department hold a public hearing on this application. The request must be filed within the comment period, indicate the interest of the person requesting it, the reasons that the hearing is warranted, and the water quality issues being raised. When there is sufficient public interest in water quality issues, the department will hold a public hearing.

The permit application, supporting documentation including detailed plans and maps, and related comments are available at the department's address for review and/or copying. The department's address is:

Tennessee Department of Environment & Conservation
Division of Water Pollution Control, Natural Resources Section
7th Floor L & C Annex
401 Church Street
Nashville, TN 37243

In deciding whether to issue or deny a permit, the department will consider all comments on record and the requirements of applicable federal and state laws.
